WORLDWIDE IBC RENTAL

Quality Statement

In order to maintain its Policy of continuing quality improvement, Metano Limited will monitor the quality and efectiveness of its services and operating systems and shall:

- ✓ Ensure the communication, understanding, implementation, maintenance and commitment to this Policy by all personnel throughout the Company.
- ✓ Specify in operating documents the requirements to control the quality of material and services at all necessary operational stages.
- ✓ Maintain records as objective evidence to show compliance with quality requirements.
- ✓ Maintain a Quality System which satisfies as a minimum the requirements of ISO 9001: 2008.
- ✓ Pursue an active policy of defect prevention across the full range of Company activities.
- ✓ Review, update and improve the Company Quality Management System to ensure that quality requirements are met in an efficient and cost effective manner.

This Policy shall be regularly reviewed at the management review to ensure its continued suitability in meeting the purpose and aims of the Company. During the management review the objectives of the Company shall be defined and updated as necessary.

James Harland
Managing Director
