Construction

Heavy duty Galvanised steel construction, manufactured from heavy gauge steel for the most demanding environments.

Handling

Forklift truck and pallet truck.

Transport

The dimensions of H1200mm x L1200mm x W1000mm . Ideally suited to transport 205 Ltr drums and cartons.

Storage

Pallet Racking compatible

Self stacking

Advantages

The GLCD Galvanised Steel foldable bag-in-box is a low cost rental option for the transport and storage of dry products, 205Ltr drums, cartons, sachets, pouches.

The GLCD has a capacity of over 1000 litres, is built to last and has unrivalled strength.

Easy to assemble, fill and discharge.

Large outlets aid product discharge.

The Flat floor in the GLCD / Security box has a 270 degree opening front gate, half drop gate and full floor loading access makes loading and removing heavy items easy.

Metano Liners

Open liners are available in 3 ply LLDPE.

All Liners are manufactured by Metano to the highest standards in our BRC approved ISO validated clean room.

All Metano rental units are reusable and can be recycled at the end of life. Metano can offer a truly sustainable cradle to grave rental solution for all your liquid packaging needs.
