Construction

Heavy duty Galvanised steel construction, manufactured from heavy gauge steel for the most demanding environments.

Handling

Forklift truck and pallet truck, Forklift rotator (can be inverted.)

Transport

The dimensions of H775mm x L1200mm x W1000mm and a flat base make this ideally suited to heavy dry goods.

Storage

Pallet Racking compatible

Self stacking

Advantages

The MB Galvanised Steel Heavy Duty General Purpose Pallet box IBC. Is a low cost rental option for the transport and storage of dry goods.

The MB has a capacity of over 900 litres, is built to last and has unrivalled strength.

Excellent alternative to the plastic Dolav container.

Bolted construction, no assembly required.

Large outlets aid product discharge.

Metano Liquid Liners

Open top liners available in 3 ply LLDPE, can be manufactured with intermediate barrier layers if required.

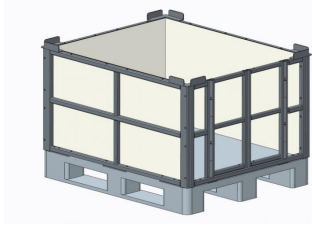

All Liners are manufactured by Metano to the highest standards in our BRC approved ISO validated clean room.

All Metano rental units are reusable and can be recycled at the end of life. Metano can offer a truly sustainable cradle to grave rental solution for all your liquid packaging needs.

Can be inverted using a forklift rotator, ideal for waste streams.
